State and federal laws require public school districts to release report cards to the public each year.

The Illinois Report Card is an annual report released by the Illinois State Board of Education that shows how the state, and each school and district, are progressing on a wide range of educational goals. The Report Card offers a complete picture of student and school performance in order to inform and empower families and communities as they support their local schools. To view an interactive display of Report Card data, visit www.IllinoisReportCard.com.

The federal Every Student Succeeds Act requires states to provide every school a summative designation. Summative designations help families and communities understand how well schools are serving all students. Illinois has four summative designations: Exemplary, Commendable, Targeted Support for Underperforming Group(s), and Comprehensive Support for Lowest-Performing Schools. Schools that receive a designation of Underperforming or Lowest-Performing receive additional funding and supports to build local capacity and improve student outcomes. Multiple measures of school performance and environment determine a school's designation. For more information about Illinois' accountability system please visit www.isbe.net/summative.

For additional information, refer to the [2019 Glossary of Terms](#).

Student Enrollment is based on Serving School.

Children with Disabilities are those students eligible to receive special education services through an IEP or support through a 504 plan.

English Learners are students eligible for transitional bilingual programs.

Low Income are students who receive or live in households that receive SNAP or TANF; are classified as homeless, migrant, runaway, Head Start, or foster children; or live in a household where the household income meets the USDA income guidelines to receive free or reduced-price meals.

Homeless students are those who do not have permanent and adequate homes.

AVERAGE TEACHER/ADMINISTRATOR SALARIES

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

SCHOOL-LEVEL FINANCES

The Every Student Succeeds Act requires LEAs to report school-level expenditure data, beginning with school year 2018-19. LEAs are required to report actual personnel and non-personnel expenditures of both site-specific and district-centralized expenditures. These data are self-reported and may differ from Annual Financial Report data. For more information, visit www.isbe.net/site-based.

For Site-Based Expenditure Reporting, enrollment numbers display the average of the enrolled student count on October 1 and March 1 of the reporting year, including all children aged 3 through 21 in grades prekindergarten through 12 served by the LEA or placed in another educational institution by the LEA. Note that students attending only part of each day are counted as proportional students in the count, which may lead to decimal places in the enrollment number.

ACADEMIC PERFORMANCE - ASSESSMENTS

The federal Every Student Succeeds Act (ESSA) requires states to assess their learning standards for English language arts (ELA), mathematics, and science. Each state may also have a general assessment for the majority of its students, and an alternate assessment for the one percent of students with the most significant cognitive disabilities. ESSA also requires that English Learners be assessed in four domains (reading, writing, speaking and listening) each year until they reach proficiency. Results are presented both by subject (all tests combined) and then by individual test.

NUMBER AND PERCENTAGE OF ENGLISH LEARNERS EXEMPTED FROM ASSESSMENT

No English Learners are exempted from assessment, including those who are newly arrived in the U.S. Previously, states could exempt newly arrived English Learners from ELA testing only. Under ESSA, states have flexibility in how they test and use scores from newly arrived English Learners. Per the approved Illinois ESSA State Plan, "Illinois will assess newly arrived ELs, enrolled in their first year in U.S. schools, in grades 3-12 in academic content areas: English language arts, mathematics, and science. Data from the first-year assessments will not be included in accountability determinations, but serve solely for baseline purposes."

Illinois Assessment of Readiness (IAR)

Each Performance Level is a broad, categorical level defined by a student's overall scale score and used to report overall student performance by describing how well students met the expectations for their grade level/course. Each Performance Level is defined by a range of overall scale scores for the assessment. There are five Performance Levels for IAR assessments:

- Level 1: Did not yet meet expectations
- Level 2: Partially met expectations
- Level 3: Approached expectations
- Level 4: Met expectations
- Level 5: Exceeded expectations

Students performing at levels 4 and 5 met or exceeded expectations, have demonstrated readiness for the next grade level/course and, ultimately, are on track for college and careers. Performance Level Descriptors describe the knowledge, skills, and practices that students should know and be able to demonstrate at each Performance Level in each content area (ELA and mathematics) and at each grade level/course.

Illinois Science Assessment (ISA)

The ISA performance levels indicate students' understanding of the Illinois Learning Standards in science for their grade level. There are two performance levels for the ISA, Proficient and Not Proficient, with different threshold scores for each grade-level test.

Level 1 - Not Proficient

Level 2 - Proficient

Scale Score Needed to be Proficient (out of 200-400 Scale Score Range)

Grade 5 - 296

Grade 8 - 293

High School - 307

CIVIL RIGHTS DATA COLLECTION - 2015-16 SCHOOL YEAR

Data from the Civil Rights Data Collection comes directly from the U.S. Department of Education (ED). ED collects the data directly from ISBE and school districts and releases the information on a two to three-year delay.

ISBE also collects some of these data elements from districts and reports the results in the year it was collected. Current year data for in-school suspensions, out-of-school suspensions, and expulsions is reported by ISBE in a separate report on www.isbe.net. Current year data for chronic absenteeism can be found in the Students section of the Report Card. Current year data for accelerated coursework can be found in the Academic Performance section of the Report Card. Please note data may not match due to differences in data collection methods.
